\section{Instructions for Authors}

Papers, written in English, should be submitted via email
(\href{mailto:dfp.imh@jku.at}{dfp.imh@jku.at})
no later than 31st of July 2022. The format of the paper submitted is
PDF,
based on the Microsoft Word or \LaTeX{} templates. The recommended length
of the article is 7-20 pages. Justifying both margins is recommended. The
first page must
bear the title of the workshop (Times New Roman, Italic, font size
12, centered), the title of the paper (uppercase, font size 14,
centered),
the name(s) of the author(s), the name and address of the institution
where the work was carried out and permanent address(es) of the author(s)
where they differ from the institution address. All should be in the
centre and at the top of the first page.

\subsection{Abstract}

Each paper should be preceded by an abstract, the maximum length of
that is 15 typed lines.

\subsection{Headings}

Principal headings should be numbered consecutively 1, 2, 3, \dots ,
etc. Subheadings should be numbered 1.1, 1.2, etc and 1.1.1, 1.1.2,
etc.

\subsection{Formulas and equations}

Formulas and equations must be clearly written, each on its own line,
well separated from the text. They should be numbered consecutively
through the whole text with the numbering in parenthesis to the right
of the formula.

\subsection{Units}

SI units should be used in the articles.

\subsection{Figures and tables}

Include your figures and tables at the appropriate place in the paper.
Do not put them all at the end! Figures and tables should be numbered
separately and consecutively with Arabic numerals. Use at least 300

dpi resolution (see Fig.~\ref{fig:Picture-of-Edinburgh}).

The text font is recommended to be the Times New Roman. The title
of the paper is to be written in font size 14. The text must have
font size 12 and single spacing. All subheadings must be separated
by double spacing.

\subsection{References}

References should be numbered consecutively, in order of first appearance
in the text. The reference number is recommended to be put within
square brackets [1] on the text line.
